

REY VINCENT EBREO

Web Developer | UI/UX Designer | IT Support | Graphic Designer

Lucena City, Quezon, 4301 • ebreoreyvincent@gmail.com • (+63) 976 581 1862

CAREER OBJECTIVE

Motivated and detail-oriented Information Technology graduate with 6–8 months of hands-on experience in system troubleshooting, data handling, and full-stack web development. Skilled in HTML, CSS, JavaScript, and backend development, with practical experience in building dynamic websites, managing databases, and creating user-friendly interfaces. Known for strong problem-solving skills, creativity, adaptability, teamwork, and attention to detail, complemented by excellent communication and time management. Eager to contribute as a Web Developer by delivering efficient, responsive, and reliable web solutions while continuously enhancing technical expertise in a collaborative environment.

EXPERIENCES

- Freelance Graphic Designer

January 2023 – Present

  - Designed graphics, presentations, brochures, tarpaulins, and marketing materials tailored to client needs.
  - Edited and enhanced photos for branding, promotional, and personal use.
  - Collaborated with clients to develop creative concepts and ensure alignment with brand identity.
  - Utilized Adobe Photoshop, Illustrator, and Canva to deliver high-quality outputs.
- IT Intern – Administrative Office, City Government of Cabuyao, Laguna

March 2025 – June 2025

  - Designed and developed responsive websites using WordPress and Elementor, ensuring user-friendly layouts and functionality.
  - Supported digital presentations for government projects and services.
  - Assisted in content management, layout customization, and troubleshooting of website components.
  - Gained hands-on experience in front-end development and real-world web design applications.

ACADEMIC WORKS AND CERTIFICATES

- Capstone Project: ANDITO AKO – A Virtual Companion Through Appointment Scheduling of Teleconsultation for the Students of SLSU

2024 - February 2025

  - Developed a mental health consultation platform featuring appointment scheduling and real-time chat functionality.
  - Integrated technologies HTML, Tailwind CSS, JavaScript, and Django.
  - Designed an intuitive user interface with Figma to enhance user experience.
- National Certificate II – Computer Systems Servicing Technical Education and Skills Development Authority (TESDA)

Valid Until: January 2029

Achieved national certification in Computer Systems Servicing through TESDA, demonstrating proficiency in a wide range of technical skills relevant to IT support and hardware servicing. Training included:

  - Installation and Configuration:** Set up computer systems, peripherals, and basic local area networks (LAN), ensuring functionality and compatibility.
  - Maintenance and Repair:** Diagnosed and repaired common hardware and software issues; performed routine maintenance and upgrades.
  - Computer Operation and Troubleshooting:** Operated and supported various types of operating systems and software applications.
  - Electronics and Technical Drawing:** Interpreted schematic diagrams and wiring plans; understood basic electronic circuits and component functions.
  - Networking Basics:** Applied fundamental networking principles including cabling, IP configuration, and simple network troubleshooting.
  - Workplace Competency:** Trained in proper workplace communication, teamwork, professional ethics, and compliance with occupational safety and health standards.

- Introduction to Visual Graphic Design – Certificate of Completion (July 2, 2025)

  - Gained foundational knowledge of graphic design principles, including typography, color theory, and layout.
  - Developed skills in creating visually appealing designs for print and digital platforms.
  - Learned effective use of design tools and techniques to enhance branding and communication.
  - Applied creative problem-solving to produce engaging visual content aligned with project goals.

TECHNICAL SKILLS

- Programming Languages:** C, Java, Python, JavaScript, PHP
- Web Development:** HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, PHP, Django, WordPress, Elementor
- Tools & Software:** Visual Studio code, Android Studio, Figma, Adobe Photoshop, Adobe Illustrator, Canva, Microsoft Word, Microsoft Excel, and Microsoft PowerPoint.
- Database Management:** Microsoft SQL Server, MySQL, CRUD Operations, Backup & Restore
- Networking:** CISCO Packet Tracer, Router Configuration
- Data Analytics:** Jupyter Notebook, Data Mining Basics
- Version Control:** Git and GitHub

EDUCATION

SOUTHERN LUZON STATE UNIVERSITY

Bachelor of Science in Information Technology (Latin Honors - Cum Laude)

Lucban, Quezon

2021 – July 2025
